

Message from the President

First-Year Send Off

Recently, I spent an evening at Merrymead Farms in Lansdale, enjoying some hand-dipped ice cream as I socialized with both newly minted and seasoned Golden Rams. The occasion was the First-Year Send Off, which gives alumni an opportunity to welcome first-year and transfer students and their families into the WCU family.

This is the third year that the Alumni Association has been hosting these ice cream socials and Association director Debbie Cornell Naughton reports that they have proven popular with both students and alumni.

“It can be an anxious as well as exciting time when you start your journey as a new Golden Ram,” notes Naughton. “Seeing such an enthusiastic reception from our alumni makes our new students feel more relaxed and comfortable as they make the transition to college.”

There is one more First Year Send Off on the schedule – an ice cream social at Milky Way Farm, 521 E. Uwchlan Avenue in Chester Springs, on August 9 from 6 p.m. to 8 p.m. I hope you can come out to support the newest members of our WCU community. Please RSVP at <https://www.wcualumni.org/>.
