

Omega Delta Men Help West Chester's Melton Center with CommUnity Day

West Chester, Pa August 18th 2019 | The West Chester Alumni Association of West Chester University served and supported West Chester's Melton Community Center CommUnity Day Celebration.

This year's celebration marked the association's third year serving. There were family activities, local vendors, and music, dance performances, raffles and food.

The outdoor basketball courts were filled with young boys and girls participating in the summer league competition, including a team sponsored by Omicron Mu Nu.

Funds raised during CommUnity Day help address the center's shortfall of operational expenses and continue to strengthen the center's guiding principle to promote understanding and cooperation between all people in the West Chester.
